PAGE 1: You and your contact details

Q1: First name	[REDACTED]
Q2: Surname	[REDACTED]
Q3: Postcode	3029
Q4: Email address	[REDACTED]
Q5: Phone number	<i>Respondent skipped this question</i>
Q6: Is this your only submission for this works approval application?	Yes

PAGE 2: Your submission

Q7: Issues

Proposal is not compliant with principles of the Environment Protection Act 1970 and/or State Environmental Planning Policy	Very High
Energy and greenhouse gas emissions	Very High
Existing site or Applicant's performance and compliance	Very High
Waste generation / storage / treatment	Very High
Design issues and proposed technology	Medium
Environmental management	High
Sustainability	High

Public comment submission: Wyndham Landfill application for works approval

Q8: Potential impacts

Ground water resources	High
Noise amenity	High
Health risks and/or hazards	Very High
Air (e.g. emissions, dust or odour)	Very High
Land and soil resources	High
Surface water resources	High

PAGE 3: Issue details

Q9: Issue 1 (Optional)

A health hazard for residents if the four new landfill dumps are made, as well as the increase in existing dump limits. Water, air, and land will all be negatively affected due to the waste being dumped, and the trucks coming in and out of the area.

Q10: Issue 2 (Optional)

Road quality and traffic. There is already enough traffic for residents to sit through on a daily basis in Werribee and its surrounding areas. The trucks will damage existing roads - new and old. There is also already enough road works which cause traffic congestion, and re-building damaged roads because of these dump trucks will cause more congestion, and air pollution.

Q11: Issue 3 (Optional)

There are now more residents than ever in the Wyndham area. This means that not only will a handful of people be affected, but thousands more. This includes new families and elderly couples - both more at risk of falling unwell due to environmental (air, water, land) pollution and damage.

Q12: Issue 4 (Optional)

Respondent skipped this question

Q13: Issue 5 (Optional)

Respondent skipped this question

PAGE 4: Endorsement and submission

Q14: Do you object or approve the proposal?

Object,

Please provide an explanation

Apart from the aforementioned issues I have raised, the quality of life will be reduced for residents and those surrounding. Werribee South provides a bulk of fresh food for Victoria, and the land quality - and thus quality of fresh food - will be negatively affected. This in turn has great potential to affect the health of Victorians as a whole.

Q15: Additional materials (Optional)
