

Wyndham Landfill application for works approval - Objection

My formal objection to the Application

7th February, 2017

[REDACTED]
Werribee South Vic 3030

Director, [REDACTED] Werribee

I am completely opposed to the Works Approval Application for expansion of the Wests Road Landfill made to EPA by Wyndham City Council.

I object on the grounds that the expansion will have a detrimental effect on my community.

My family have been residents and landowners in Werribee for five generations and are joint owners of 63 Bulban Road within the northern buffer zone of the Werribee tip. Given the past record of the Wyndham council on the management of the tip, it is inconceivable that the EPA would grant any further expansion of the tip facility, especially considering its proximity to the planned residential, employment and education areas.

I ask EPA to reject the Wyndham Landfill application and ensure there is no further expansion to the facility.

I can be contacted at the above address or via email: [REDACTED]

Yours sincerely,
[REDACTED]
