

To whom it may concern,

Attached is my formal objection.

I consider it appalling that the Wyndham Council has such little regard for its residents generally and Werribee in particular.

We pay the highest rates, based on property values, in Victoria and for what? So our area can be treated as little more than a dumping facility. Sometimes the stench is almost overpowering. I am seriously concerned about the detrimental impact the presence of the dump is having on the value of my property. An increase in the size of the dump will definitely negatively impact on property values.

The Council is failing in its obligation to work for the benefit of Wyndham residents. Whereas the Council treats its rate-payers with contempt and total disregard, it might listen to the EPA. Please be our voice and reject the Works Approval Application lodged by the Council.

Kind regards,
