Dear Richard and Penny

**Melbourne Regional Landfill Extension
Works Approval Application (No. 1002191)**

We continue to act for Landfill Operations Pty Ltd (**Landfill Ops**) in relation to the above application.

We attach Landfill Ops' response to the EPA's section 22 notice dated 7 September 2016.

The first request in the notice is:

Landfill Operations Pty Ltd should respond in detail to all submissions received by PPV and provide EPA with a schedule of responses to the submissions.

The expert witness statements circulated on Landfill Ops' behalf on Thursday 15 September 2016 specifically address submissions. Further responses to the submissions will be provided in the course of the presentation of Landfill Ops' case during the Panel hearing in relation to the Applications. If EPA has particular concerns in relation to specific submissions, please advise us of the details.

Please contact me if you have any questions.

Yours faithfully

Alexandra Guild
